

I claim:

1. A new and distinct variety of Petunia plant,
substantially as herein illustrated and described,
characterized particularly as to novelty by (A) having a
5 decumbent growth habit, (B) an abundant branching and
great profusion of blooms, the whole bush remaining in
bloom for a considerable period of time, (C) flowers are
single and medium size, the petals have vivid purplish
red color with deep purplish red vein, and the bottom
10 color of the corolla throat is moderate purplish red and
the outside color of corolla tube is light purplish pink,
and (D) a high resistance to rain, heat, cold and
diseases.
